ENSURING THE SIKA SUCCESS STORY CONTINUES
STRONG OPPOSITION TO HOSTILE TAKEOVER ATTEMPT

- Strong performance underscores the necessity of safeguarding Sika’s successful business model in the interest of all stakeholders
- Public shareholders, Board of Directors, Group Management, 160 Senior Managers and employee representatives remain opposed to Saint-Gobain’s hostile takeover attempt
- There is no industrial logic behind the proposed transaction
- A competitor wants to control Sika by holding just 16% of capital – which results in a conflict of interests
- A Saint-Gobain majority board means the interests of the public shareholders would no longer be adequately represented
- Court decision on voting rights restriction pending
- Board of Directors and Group Management will continue to act in the interests of Sika and its stakeholders with the aim of guaranteeing the unimpeded continuation of Sika’s successful growth strategy
