Sika opens a plant in Uruguay with the President in attendance

Sika has opened a new plant in Montevideo, Uruguay. The investment was made to meet rising demands. The plant has a built up area of approx. 160,000 Sq. Feet and is used for the manufacturing of concrete admixtures, mortar and sealants.

The President of Uruguay, Dr. Jorge Battle, was the most prominent guest at the opening festivities. By attending he honored the presence of Sika in Uruguay for more than 40 years. On this occasion, Dr. Jorge Battle expressed a specific wish for a closer relationship with Switzerland and a free trade agreement between Uruguay and the European Free Trade Association (EFTA).

Company Profile Sika AG

Sika AG, based in Baar, Switzerland, is a leading global supplier of specialty chemicals. Sika offers process materials for sealing, bonding, damping, reinforcing and protecting of load-bearing structures in construction (buildings and infrastructure) and in industry (transportation, automotive, marine and appliances & equipment). Sika's product line includes concrete admixtures, speciality mortars, sealants, adhesives, speciality acoustic and reinforcing materials, structural strengthening systems, industrial flooring and membranes.

Locally based operations in more than 60 countries with over 8'000 employees connect customers directly with Sika and guarantee for the success of all our partners. With this concept Sika achieves an annual sales of approximately CHF 2.1 billion.
